Introduction

Jonathan Charles Fine Furniture is justifiably famous for its exquisitely crafted and historically accurate replicas of period designs. But in todays Cosmopolitan internationally driven market, there is an increasing demand for contemporary pieces that can be used on their own, or more often to be blended imaginatively with other styles.

Now Jonathan Charles presents its Transitional Collections with inspired designs that come directly from the heritage of the last four hundred years. Whether the clean lines of Austrian Biedermeier furniture or the luxury of French Art Deco, the Transitional Collections are sure to bring style and grace to your interior.

The key principles are strong clean lines and simple silhouettes, with no compromise on the Jonathan Charles quality of manufacture. The addition of fine inlays, luxury materials and unexpected colours help to create exciting opportunities to blend and combine the ranges.

The current trends for mixing modern and vintage style are easily and seamlessly achieved with the Transitional ranges which can even offer a range of colours and finishes so you can make your style your own. Fashion and furniture even meet in the Alexander Julian collection keeping Jonathan Charles at the forefront of contemporary and classic trends.

Feel confident in your choice with the pieces in this catalogue as well made and well designed furniture will never go out of fashion.

It's all in the detail...

TIER PROGRAMME

Jonathan Charles Fine Furniture has numerous ranges of furniture within a growing collection of over 2000 items. From time to time unforeseen demand for some products may mean that they are temporarily unavailable so a three-tier priority programme has been implemented in order to better monitor and manage inventory. The aim of this tier programme is to inform customers and fulfil their expectations by delivering furniture to them in the shortest possible time.

QUICK SHIP

QS

The Quick Ship programme includes a number of select items from various Jonathan Charles Fine Furniture Collections that we commit to holding in stock and delivering within one to eight weeks. For our current range of Quick Ship items please refer to our QS Catalogue or go to www.jonathancharles.com and 'Search by availability' and then click on 'Quick Ship'.

STANDARD ITEMS

ST

Included in the Jonathan Charles Standard items programme are approximately 800 products that we endeavour to keep in stock, but which we are unable to guarantee will be in our inventory at the time of ordering. Should an item not be in stock for immediate delivery then from time of order we aim to have that piece available within 12 weeks or less.

SPECIAL ORDER ITEMS

SP

Jonathan believes that 'great style should never be discontinued'. Because we don't know what our customers might request from us in the future, all Jonathan Charles Furniture designs, past and present, are available "made to order". Should our customers require something that we do not currently have in stock, we ask them to contact our Customer Service Department who will then provide an estimated time frame for producing and delivering the chosen item(s). The customer can then make an informed decision on how to proceed with the order.

CUSTOMER'S OWN MATERIAL (C.O.M.)

Our Upholstery Department accepts C.O.M. for most dining chairs, occasional chairs, stools and benches.

In most cases, one square yard/metre of fabric is required to upholster the seat of each dining chair, although exact requirements will depend on the fabric width and pattern repeat. For certain items or in cases of unusual or difficult fabric patterns additional material may be required.

Any special cutting requirements must be requested in writing and a full-width fabric repeat sent to the Customer Service Department in order for a quotation to be provided. The customer is responsible for shipping C.O.M. to our Upholstery Department.

TAKING CARE OF YOUR FINE FURNITURE

WOOD

Every piece of wood is unique, which means that every piece of wood furniture is unique.
As a result you may notice a slight variation in the finish sheen of some items. This is natural and adds to the uniqueness and authenticity of each piece. For day-to-day cleaning, a soft, dry cloth will suffice to remove dust and restore the sheen of your furniture. Additionally we recommend an occasional application of pure bees wax to help retain the character of the wood. Simply apply the wax to the surface, allow some time for it to harden and then rub away the excess with a soft, dry cloth.

LEATHER

We use genuine untreated cow leather, which we process and colour at our factory to give it an aged, authentic look. As the leather gets older and is used more it will begin to take on more characteristics of an actual aged leather piece, adding even more to the genuine feeling of the item. We recommend using a damp (not too wet!) cloth to clean the leather, followed by a dry cloth to remove any excess moisture. It's as simple as that to keep your piece clean, while maintaining the beautiful antique look.

BRASS

Our custom-crafted brass hardware is the finishing touch, the crowning jewels, of a Jonathan Charles piece. To keep the brass details of your item looking their best, we suggest using a lightly-damp or dry cloth to gently wipe over the surface, taking care to allow a bit of the residue and imperfections to remain to maintain its aged, used appearance.

EGLOMISE

Eglomisé is a traditional technique of decorative glass painting dating back to Egyptian times. It is a very delicate, elaborate and imperfect craft, which gives each piece its own distinct character. The exposed part of the Eglomisé is all glass and is safe to clean with regular household glass cleaner.
