It's all in the detail...

Attention to detail, both in build quality and finishing is what has set Jonathan Charles Fine Furniture apart, aided by the fact that all of the construction processes are undertaken in-house. Skills such as fine hand-carving, cutting marquetry inlay, hand-painting and finishing, even casting the brass handles and hardware – are all done within the Jonathan Charles facility. Confidence in the talents of its artisans, combined with stringent quality standards are reflected in the businesses' maxim - 'It's all in the detail...'

Jonathan Charles Fine Furniture is recognised as a top designer and manufacturer of classic and period style furniture. With English and French historical designs as its starting point, the company not only creates faithful reproductions of antiques, but also uses its wealth of experience to create exceptional new furniture collections – all incorporating a repertoire of time-honoured skills and techniques that the artisans at Jonathan Charles have learned to perfect.

Jonathan Charles Fine Furniture was established by Englishman Jonathan Sowter, who is both a trained cabinet maker and teacher. Still deeply involved in the design of the furniture, as well as the direction of the business, Jonathan oversees a skilled team of managers and craftspeople who make fine furniture for discerning customers around the world.

TIER PROGRAMME

Jonathan Charles Fine Furniture has numerous ranges of furniture within a growing collection of over 1600 items. From time to time unforeseen demand for some products may mean that they are temporarily unavailable so a three-tier priority programme has been implemented in order to better monitor and manage inventory. The aim of this tier programme is to inform customers and fulfil their expectations by delivering furniture to them in the shortest possible time.

QUICK SHIP

The Quick Ship programme includes a number of select items from various Jonathan Charles Fine Furniture Collections that we commit to holding in stock and delivering within one to eight weeks. For our current range of Quick Ship items please refer to our QS Catalogue or go to www.jonathancharles.com and 'Search by availability' and then click on 'Quick Ship'.

STANDARD ITEMS

Included in the Jonathan Charles Standard items programme are approximately 800 products that we endeavour to keep in stock, but which we are unable to guarantee will be in our inventory at the time of ordering. Should an item not be in stock for immediate delivery then from time of order we aim to have that piece available within 12 weeks or less.

SPECIAL ORDER ITEMS

Jonathan believes that 'great style should never be discontinued'. Because we don't know what our customers might request from us in the future, all Jonathan Charles Furniture designs, past and present, are available "made to order". Should our customers require something that we do not currently have in stock, we ask them to contact our Customer Service Department who will then provide an estimated time frame for producing and delivering the chosen item(s). The customer can then make an informed decision on how to proceed with the order.
